

## PRECAUTIONARY STATEMENTS

### Hazards to Humans and Domestic Animals

**CAUTION.** Harmful if absorbed through the skin. Causes moderate eye irritation. Avoid contact with eyes, skin or clothing. Wash thoroughly with soap and water after handling. Keep children and pets away from treated areas until spray has dried. Avoid contamination of food. Do not contaminate water supplies.

**FIRST AID: If on Skin:** Take off contaminated clothing. Rinse skin with plenty of water for 15-20 minutes. Call a Poison Control Center or doctor for treatment advice. **If in Eyes:** Hold eye open and rinse slowly and gently with water for 15-20 minutes. Remove contact lenses, if present, after the first 5 minutes, then continue rinsing eye. Call a Poison Control Center or doctor for treatment advice.

Have the product container or label with you when calling a Poison Control Center, doctor or going for treatment.

### ENVIRONMENTAL HAZARDS

Do not apply directly to water. Do not contaminate water when disposing of equipment washwaters.

**Kills Weeds** All types of Weeds & Grasses

**Where to Use**

- On patios, walkways or driveways
- In flower beds
- Around shrubs & trees
- Along fences & foundations
- Other areas in your yard
- Edging around lawns

**Questions & Comments:** Call 1-800-917-5426.

**READ ENTIRE LABEL BEFORE USE.**

## DIRECTIONS FOR USE

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.  
*For home use only.*

People and pets should not be allowed in treated areas until spray has dried.

## HOW TO USE

GreenThumb® Weed & Grass Killer<sub>2</sub> is pre-mixed and ready to use and is formulated for "spot" treatment of weeds and grasses. Use it on driveways and walkways, or around fences, trees, flower beds, shrubs and other areas in your yard.

## WHEN TO APPLY

- For best results apply during warm, sunny weather (above 60° F).
- Apply when weeds are actively growing and no rain is forecast for 24 hours.
- To avoid drift to desirable plants, apply when the air is calm.
- Completely wet the foliage of the target vegetation. Do not overspray.
- Most treated weeds usually show initial symptoms in 2-4 days and complete kill in 1-2 weeks.

- Protect desirable plants including fruit and vegetables, with a piece of plastic or cardboard.
- If desirable plants are accidentally sprayed, wash plants with water immediately.
- Do not mow, cut or otherwise disturb treated weeds or plants for at least 7 days following application.
- Rainfall or watering 2 hours after application will not wash away effectiveness.

**Not recommended for spot weed treatment in established lawns since lawn grasses will be killed too.**

## SPRAYER INSTRUCTIONS

How to prime and care for your sprayer:

- 1. CONNECT TRIGGER SPRAYER.** Unscrew and discard the cap on the bottle. Insert the hose into the bottle and tighten the cap securely.
- 2. PRIME SPRAYER.** Turn the sprayer nozzle one-half turn counter-clockwise. Hold the sprayer lower than the bottle and squeeze the trigger several times until it sprays. Adjust the nozzle to coarse spray pattern. Avoid sprays which are too fine because they can drift and damage other plants.
- 3. Spray unwanted grass & weeds until completely wet.**

## WHEN TO REPLANT

- All ornamental flowers, trees and shrubs may be planted **1 day after** application.
- Lawn grasses may be planted **7 days after** application.

## STORAGE AND DISPOSAL

**Storage:** Turn the nozzle to "OFF" position and store with sprayer above the level of liquid in container to prevent leakage. Store in a cool, dry area away from heat or open flame. **Disposal: If empty:** Do not reuse this container. Place in trash or offer for recycling if available.

**If partly filled:** Call your local solid waste agency or 1-800-CLEANUP for disposal instructions. Never place unused product down any indoor or outdoor drain. **Spill or leak:** In case of spill or leak, soak up with paper towels and discard in trash.
